

PUPA Yacht Service & Quality

Pupa Yacht has steadily built its reputation for quality, service and attention to details. We charter out our own fleet of yachts that are maintained to the highest standards of reliability and appearance. Our yachts range from 35 feet to 63 feet from 2 to 5 cabins, we offer you the right yacht, at the right price.

With our own experienced and highly reliable service team, we provide the yachts in the best possible condition in order to offer you the maximum satisfaction during your holiday aboard our yachts.

You will always find our staff friendly, approachable and helpful. They are here to look after you and to make sure your holidays is memorable.

Our staff at your service 24 hours a day, 7 days a week in 3 bases Bodrum, Marmaris and Göcek, where there are offices and spare parts depots. In most of the areas you will be sailing, we have contractors and local technicians, who can have an immediate look at the situation and take care of the necessary arrangements. In case of a more serious nature, or a lack of spare parts, we will immediately send you from one of our main bases the required part, or the services of a skilled technician, who will solve your problem with the least delay to the remainder of your holiday.

Charter Licence with PUPA Yachting

In 1983 the charter licence No.1 was given to PUPA by the Turkish Ministry of Tourism.

Since this time we helped a lot of yacht owners to the official charter licence for the Turkish waters.

If you like to have a charter licence please contact us. Don't forget to give information about the size of your yacht, the berth capacity and your interest to take your yacht into our management.

You also can buy a new or used boat by PUPA from one of the yards Dehler, Beneteau, Jeanneau, Gibert Marine and give the yachts into our charter management program.
